877-289-8340

RubberForm provides our customers with the most cost-effective safety, risk mitigation and compliance solutions available. Our products are longer-lasting, easy to install, and ready to ship—as well as being 100% American-made, using sustainable, recycled materials.

PARKING LOT SAFETY

Parking Lot Wheel Stops

- 4"H x 6"W x 73"L
- 23 lbs per wheel stop
- Available in 5 stock colors or custom colors: yellow, white, blue, green, & red
- 8 polygon stripes & 2 safety yellow end caps

Portable Sign Base

- 14"H x 18"D, conical shape
- 72 lbs, under OSHA's occupational limit
- Supports up to 24"D sign, base weight available for larger signs
- Will not warp, chip, crack, or spall

Fillable Sign Base

- 18"H x 23"D, conical shape
- Fill with treated water, sand, or gravel for stability
- Hard Durable Rotomolded Recycled Plastic, will not chip, crack, or spall
- Available in 6 colors

Speed Bumps

- Available in 2.125", 2.5", 3", or 4" heights
- High-visibility reflectors or yellow safety strips on each speed bump
- Modular design allows for custom lengths

Speed Humps

- 2.25"H x 18"W or 36"W
- Embedded reflective material for low-light conditions
- Modular design allows for custom lengths

Portable Bollard Base System

- Base: 14"H x 18"D
- Bollard sleeve: up to 60" high
- Total weight: 98 lbs / 150 lbs with sign
- Bollards available in 5 colors with 2 reflective stripes

CONSTRUCTION SITE SAFETY

Pipe & Hose Ramps

- Available in 3 sizes, 1", 2", & 4" diameter
- Temporary or permanent
- High load-bearing capacity

Trackout Control Mat

- Stabilized construction exit
- Various sizes available & fully customizable
- Installs in minutes, no anchors or brackets
- Reusable, folds up for easy transportation & storage

Engineered Traffic Curb

- 6"H x 6"W x 36"L per section
- Replacement for concrete or asphalt
- Temporary or permanent use
- Withstands heavy traffic impact
- Can also be used as cable trench guards

Rubber Curb Ramp

- 5.25"H x 12"W x 36"L
- Replacement for temporary asphalt, gravel, or cutting into curbs
- High load-bearing capacity
- Conforms to any asphalt / concrete surface

Wedge Ramps

- Available in 2 sizes, 1.25" or 2" height
- Extruded in 10-foot lengths
- For height transitions – will not damage concrete, pavement, or tires
- Will not tear, chip, crack, or spall

Engineered Rubber Curb

- 5"H x 6"W x 36"L per section
- Temporary or permanent use
- Great for use as a roundabout or traffic delineator curb
- Conforms to road curvature

INDUSTRIAL SITE SAFETY

Spill Containment Berms

- Available in 3 sizes – 2", 4", or 6" high EPDM rubber containment berms
- Can be custom fabricated
- Liquid-tight seals
- Will not crack, break, spall, or disintegrate

Drive-Over Spill Containment Berms

- Isolates & contains spills in areas where vehicles need ability to enter or exit
- Available in 1-7/8"H or 3"H x 36"L
- Can be combined with our spill berm curbs
- Offers same protection as spill berm curbs

Portable Electric Cable Support Tower

- NEC compliant
- 2 models available for heavy-duty application
- FRP non-conductive pole with locking collar & cable antler, supports cables up to 100 lbs
- Telescoping pole up to 10-feet high

Rubber Rooftop Pavers

- 2"H x 24"W x 30"L
- Increases safety & satisfies needs for walkway paths
- Prevents roofing damage from foot traffic
- Easy maintenance & leaves no standing water

Roof Demarcation Base System

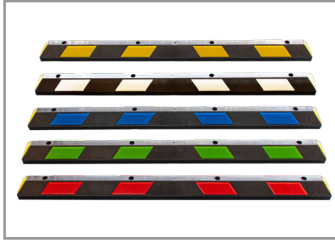

- 100% non-conductive parts – nylon hardware & fiberglass posts
- Meets all OSHA requirements & reduces liability
- Will not rust, chip, crack, crumble, or spall

Rooftop Rubber Support Blocks

- Available with or without struts
- Multiple strut options
- Max uniform load: 2,500 lbs
- Flexural strength: 391 psi
- Helps to protect roof
